

Hytech Group was established in the year 1992 with an ambition to provide latest technology not only in industrial domain but also in educational domain. Hytech group was formed as Hytech Automation which specialised in industrial automation solutions. In last three decades, when industrialization was happening at a rapid pace, Hytech Didactic was formed to cater for the training needs of students in TVET ecosystem.

Hytech Didactic specializes in the training solutions in the field of Robotics, Mechatronics, CNC Commissioning and Maintenance Trainings with Integration, Industrial Automation, Digital Twin Solutions, Virtual Commissioning solutions, AR - VR based TVET education.

Hytech Didactic is one of the leading suppliers of Robotics training solutions with more than 150 Industrial robotics training setups in India and more than 20 Robotics Training setups in GULF region.

Hytech Group has a manufacturing setup in Pune, Maharashtra, India with more than 18,000 SQ FT built up area dedicated for the manufacturing of educational training related equipment. Hytech group has a head office in Pune, India with a regional sales office in Sharjah, UAE.

Hytech group has more than 16,000 installations in India and more than 200 installations outside India in TVET institutions.

List of Didactic Product Verticals:

1. Electrohydraulics and Electropneumatics
2. PLC and HMI Training Kits
3. Robotics
4. Smart Factory with 7 Axes Robot and Modular Production Systems
5. Computer Integrated Manufacturing System with Digital Dynamic Twin
6. Mechatronics and Industrial Automation
7. CNC Training Solutions

Products Webpages and Working Videos:

1. Electrohydraulics and Electropneumatics

2. PLC and HMI Training Kits

3. Robotics

4. Smart Factory with 7 Axes Robot and Modular Production Systems

5. Computer Integrated Manufacturing System with Digital Dynamic Twin

6. Mechatronics and Industrial Automation

7. CNC Training Solutions
